

FEATURES & BENEFITS

- **Fully Automatic Operation** – One-touch start and stop functionality enables effortless, fully automatic playback for a seamless vinyl listening experience, perfect for any skill level.
- **Repeat Function For Extended Play** - Keep the music going with a continuous repeat mode, ideal for parties, relaxation, or uninterrupted background ambiance.
- **VINYLSTREAM™ Bluetooth Output** - Stream your favorite records directly to Bluetooth-enabled speakers or headphones with integrated VINYLSTREAM™ Bluetooth output.
- **RCA Output With Switchable Preamp** – Easily connect to powered speakers, an external preamp, or traditional stereo systems using the RCA output with a line/phono switch (RCA cable included).
- **Audio Technica ATN3600L**–Moving magnet cartridge delivers exceptional clarity and depth, enhancing every note of your vinyl collection played through this record player with speakers.
- **Modern Minimalist Design** – Sleek, contemporary styling with a low-profile build and removable dust cover makes it a perfect fit for any room in your home.
